re:exhibition copy.

This was never for sale, and we do have this in our archive. For clarification.

Hi [REDACTED]

I was forwarded your email to Gagolian about the edition size of Spiritual America. It is indeed an edition of 10 with 2 AP's, and your email seems to confirm that/doesn't contradict that. Any others will either be exhibition copies or are different sizes/images. I gather you're looking for the 2nd AP? We don't have a record of who has collected this work.

best,
